It is intended that this policy is fair to all. Where any part could potentially lead to unequal outcomes, the policy then justifies why this is a proportionate means of achieving a legitimate aim.

1 Scope and purpose

Wiltshire College is committed to prioritising and promoting safeguarding and protecting children, young people and vulnerable adults at risk from harm and considers safeguarding to be everybody's responsibility.

This policy applies to all those working in, studying or visiting any college site including students, College staff, Governors, volunteers and visitors. It is also applicable to contracted services staff, employers offering placements and contractors with direct access to students. It applies to all groups regardless of age, disability, gender (including transsexual), marital status, parental responsibilities, sexuality, race, religion, and it is the duty of all staff, governors, students, visitors and contractors to follow it.

A child is defined as person up to the age of 18. A 'Young Person' is defined as a person between 12 and 20. 'Looked after Children, 'Care Leavers' and students with special educational needs up to age 25 may also need additional services assistance and protection.

An adult at risk is defined as any person aged 18 years and over who is or may be in need of community care services by reason of mental health issues, learning or physical disability, sensory impairment, age or illness and who is or may be unable to take care of him/herself or unable to protect him/herself against significant harm or serious exploitation. It may also include those who are vulnerable for some other reason for example those with caring responsibilities or have suffered abuse or trauma.

The purpose of this policy is to provide a framework by which the College carries out its duty to protect children, young people and vulnerable adults from harm. The Policy provides clear information and direction to all members of the College community to ensure all child protection concerns, referrals and monitoring are handled correctly. The College does not have responsibility to investigate incidents of alleged abuse but has a statutory duty to assist local authorities with child protection issues.

All existing staff and new staff will be required to receive, read and acknowledge this policy and Part 1 of Keeping Children Safe in Education 2018.

The policy and supporting document will be revised annually or before when there are changes to relevant legislation.

Wiltshire College has clearly defined responsibilities under a number of legislative requirements and this policy should be used in conjunction with the following legislation where necessary:

- 'No Secrets', the Children Act (1989 and 2004)
- Education Act 2002
- Safeguarding Vulnerable Adults Act 2006
- Protection of Freedoms Act 2012
- Section 26 (1) of the Counter Terrorism and Security Act 2015
- Prevent Duty Guidance for Further Education Institutions 2015
- Mandatory Reporting of Female Genital Mutilation Oct 2015
- Controlling or Coercive Behaviour Statutory Guidance Framework Dec 2015
- Inspecting Safeguarding in Early Years, Education and Skills Settings August 2016
- Children and Social Work Act 2017
- Working Together to Safeguard Children July 2018
- Keeping Children Safe in Education 2018
- Information Sharing 2018/
- Wiltshire Safeguarding Children Procedures <http://www.wiltshirescb.org.uk/home/about-wscb/>

Wiltshire College is also committed to ensuring freedom of speech in relation to Section 43 of the Education Act 1986, The Equality Act 2010 and The Human Rights Act 1998.

The term 'safeguarding children and young people' embraces both child protection and a preventative approach to keeping young people safe. Therefore, safeguarding encompasses student health and safety, preventing and dealing with abuse, bullying, meeting the medical needs of those with medical conditions, providing first aid, personal security (including eSafety), safeguarding from drugs, substance and alcohol abuse. This policy encompasses all aspects of safeguarding including eSafety, bullying and harassment (in person or electronically), peer on peer abuse and criminal and sexual exploitation. It also gives due regard to the prevention of young people becoming extremist or being radicalised.

Employers and training organisations will be asked to co-operate with the College in putting in place and subscribing to appropriate safeguards. Where a placement is long term, the college will ensure that additional safeguards are in place, this may include staff who will have had training in child protection, completing risk assessments and arranging placements.

Training organisations will be asked to make a commitment to safeguarding students' welfare by endorsing an agreed statement of principles. Providers will be monitored annually for compliance with process and must report any incidents to the college for any subcontracted provision

1.1 Key Principles

The following principles underpin the College's work with children, young people and adults at risk of harm. The College approach will:

- be compliant with key safeguarding legislation including the Prevent Duty
- have a coordinated approach, safeguarding is everyone's responsibility
- be focussed on early intervention and help for emerging issues
- be student centred

- actively involve students and their families
- support the achievement of best possible outcomes for students
- be holistic in approach
- ensure equality of opportunity
- be multi-agency in approach
- ensure sharing of relevant information takes place
- ensure a continuous process rather than an event to facilitate a contextualised approach in safeguarding students
- design procedures to provide the services required and monitor the impact the provision has on a student's developmental progress
- Comply with the regulations and guidance provided on the vetting of staff, including temporary staff and volunteers to minimise the risk of recruiting unsuitable people as laid out in the guidance from the Independent Safeguarding Authority and 'Keeping Children Safe in Education' Sept 2018
- Comply with 'safer recruitment' procedures and undertake Disclosure and Barring Checks, to ensure that all employees and workers under terms of engagement are suitable to work at the College
- Develop and implement procedures for identifying, reporting cases or suspected cases of abuse and make appropriate referrals to the Disclosure and Barring Service.
- Ensure employers and other partners are aware of the safeguarding and prevent duties and receive timely information and support to promote these duties to students in the workplace.
- Educate and support students in staying safe and being healthy including full-time and part-time students, apprentices and work based students.
- Ensure that any child, young person or individual with additional needs, including Looked After Children or Care Leavers going missing either from education, place of residence, particularly if repeated, is reported to the appropriate authority.

1. Helping Students to keep themselves safe

- 1.2.1 Students will be advised about college procedures in relation to safeguarding as part of their induction into the College. The College web page will provide students with reminders about who to contact should they have a safeguarding concern. All staff, students and visitors are issued with Safeguarding cards detailing college and out of hours contacts.
- 1.2.2. Students will be advised about health and safety procedures to ensure that they know how to stay safe within the college environment; whilst undertaking practical activities and when on placement or work experience.
- 1.2.3 Students will be provided with guidelines about keeping themselves safe online as part of their induction into using the College's IT network.
- 1.2.4 Through tutorial Key Messages and enrichment themed days offered as part of the Student Life Enrichment Programme, students will have opportunity to attend and participate in activities designed to raise awareness of national, international and local issues and concerns which may impact on the ability of the student to keep themselves safe. These include: eSafety, sexual health and exploitation, drugs and alcohol awareness, domestic violence, peer on peer abuse, crime, road safety, anti-bullying, equality and diversity, emotional resilience and the dangers of being drawn into extremism

or radicalisation. These activities are aimed at different levels and abilities to enable all students to participate.

- 1.2.5 Students will learn about British Values and their impact in creating a Safe and Respectful environment in College and the wider community.

1.3 Promoting the Welfare of Children, Young People and Adults at Risk

It is recognised that because of the day to day contact with young people, staff are well placed to observe the outward signs of abuse. Wiltshire College will therefore:

- Establish and maintain an environment where students feel secure, are encouraged to talk, and are listened to.
- Ensure that young people and adults at risk know that there are adults in the College whom they could approach if they are worried.
- Include opportunities at College for young people/adults at risk to develop the skills they need to recognise and stay safe from abuse in a local and national context.

Where specific safeguarding issues arise expert and professional organisations will be contacted to provide up to date guidance and practical support. These will include the NSPCC advice which can be found on www.nspcc.org.uk and the Prevent Regional HE/FE Co-ordinator South West for the Department for Education (DfE). These issues could be about:

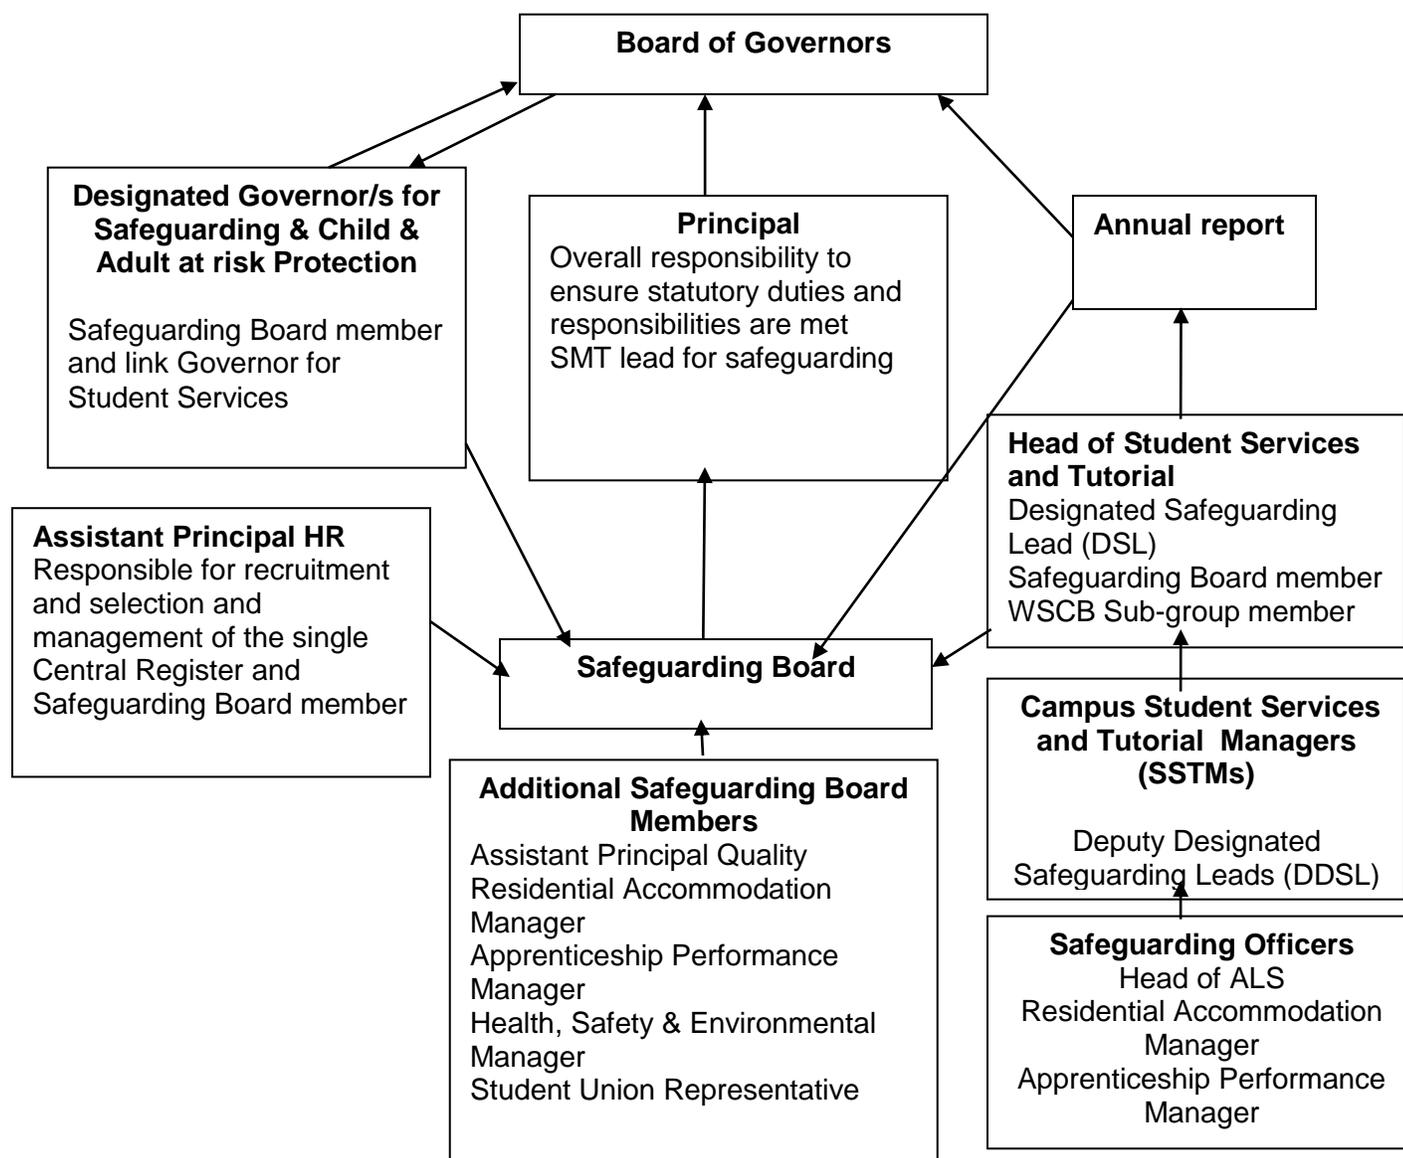

- Child sexual exploitation
- Peer on peer abuse
- Child missing from education
- Children missing from home or care
- Bullying including cyberbullying
- Domestic violence
- Drugs/County Lines
- Fabricated or induced illness
- Faith abuse
- Female genital mutilation (FGM)
- Forced marriage
- Gangs and youth violence
- Gender-based violence/violence against women and girls (VAWG)
- Mental health
- Modern Slavery
- Private fostering
- Extremism and radicalisation
- Sexting
- Teenage relationship abuse
- Trafficking

1.5 Student Behaviour and Equality of Opportunity

Wiltshire College recognises that young people/adults at risk who are abused or witness violence may find it difficult to develop a sense of self-worth. They may feel helpless, humiliated and some sense of blame. College may be the only stable, secure and predictable element in the lives of young people at risk. When at College their behaviour may be challenging and defiant or they may be withdrawn. Therefore, the College will endeavour to support the young person by ensuring that:

- The College ethos promotes a positive, supportive and secure environment and gives students a sense of being valued.
- The College behaviour expectations communicated through the College Safe and Respectful Culture campaign and upheld by British Values are aimed at supporting all students in the College. The College will ensure that students know that certain behaviour is unacceptable but they are valued and not to be blamed for any abuse which has occurred towards them.
- The College liaises with other agencies that support the student such as the local Multi Agency Safeguarding Hub (MASH), Children's Social Care, Child and Adolescent Mental Health Service (CAMHS), the Education Welfare Service; SEND Teams and Virtual Schools from a number of local authorities.

The College will operate within the guidelines of the Code of Practice and explanatory Guide for Registered Persons and other recipients of Disclosure Information, issued by the Disclosure & Barring Service.

4 Implementation

The College will:

- Have a named person as the Designated Safeguarding Lead (DSL), that person being the Head of Student Services and Tutorial and four Deputy DSLs.
- Ensure that all staff are aware of their individual responsibility for the protection of children and adults at risk in their care and that they are aware of the name and the role of the DSL and Deputy DSLs.
- Provide safeguarding training for all staff in child abuse awareness at induction and on a least a yearly rolling basis. This to include what to do if they are worried about a child or adult at risk and how to respond to a child or adult at risk who tells them about abuse.
- Set up a good, accurate record-keeping system to monitor all students about whom concerns have been expressed, whether or not these concerns lead to a child protection referral. These records will be held electronically in a secure drive, with access limited to the College Safeguarding team.
- Ensure that clearance is received from the Disclosure and Barring Service (DBS) service for all staff who may, in the course of their work, be alone with a student.
- Ensure that members of host families for under 18 international students have undergone (DBS) checks at the appropriate level.
- With staff colleagues, develop effective links with other agencies, such as Social Services, Police and health services and contribute to inter-agency enquiries, child protection conferences, meetings and other related groups as appropriate.

- Publish the College's responsibilities for safeguarding and the protection of children and adults at risk on the College website and dedicated Safeguarding cards for staff, students and visitors.
- Fulfil any special responsibilities or task required in the care of children on the child protection register.
- Ensure that child protection type concerns or allegations against adults working in College are referred to the Designated Officer for Allegations for advice, and that any member of staff found not suitable to work with children will be notified to the Disclosure and Barring Service for consideration for barring, following resignation, dismissal, or when we cease to use their service in the case of a volunteer.
- Have a widely communicated Prevent procedure and Chanel referral process in place .
- The DSL will be trained and supported in the task of overseeing all child protection matters within the College. All staff members of the Safeguarding team will undertake Advanced Multi-agency training and update training every three years and on appointment.

4.1 How the College will support students

The College recognises the importance of high self-esteem and self-confidence in keeping students safe. The College enrichment programme includes activities designed to promote the well-being of students and give them personal safety information. The increased vulnerability of people with special needs, Looked after Children (LAC) and those who have been bullied or isolated by their peers is recognised and early intervention strategies put in place as soon as possible using information shared as part of the transition process or flagged up on enrolment. The College seeks to support those students who may be especially vulnerable to abuse through sensitive monitoring, Sharing of information and a contextulaised approach to safeguarding and by ensuring that all students have around them a network of people they can go to for help when necessary.

The College recognises that young people can be at particular risk of being radicalised and drawn into extremism and this will include all students in Further and Higher Education. Students will be supported by:

- Encouraging respect and tolerance, building self esteem through the curriculum and enrichment, whilst not condoning aggression or bullying.
- Promoting a safe and respectful culture.
- Promotion of the College's Safe and Respectful campaign and the embedding of British Values into teaching and learning and Student Life programme.
- Liaising and working together with all other support services and those agencies involved in the safeguarding of children and young people.
- Notifying Social Care as soon as there is significant concern.
- Providing continuing support to a student about whom there have been concerns who leaves the College by ensuring that appropriate information is copied under confidential cover to the student's new College or other educational setting where known and forwarded as a matter of priority.
- Using the Prevent procedure and the Channel process to identify and support any young person/adult at risk from being drawn into radicalisation or extremism.

4.2 Confidentiality

The College recognises that all matters relating to child protection need to be handled sensitively but confidentiality should not be promised.

The Designated Safeguarding Lead or deputy DSLs will disclose any information about a student to other members of staff on a 'need to know' basis only.

All staff must be aware that they have a professional responsibility to share information with appropriate College staff (DSL, DDSL) so that other agencies can be informed in order to safeguard children, young people and adults at risk.

All staff must be aware that they cannot promise a young person to keep secrets which might compromise the young person's safety or wellbeing or that of others who may be at risk.

The College will always undertake to share its intention to refer a young person to Social Care with their parents/carers unless to do so could put the young person at greater risk of harm, or impede a criminal investigation. If in doubt, we will consult with the relevant MASH team.

4.3 Supporting Staff

We recognise that staff working in the College who have become involved with a young person who has suffered harm, or appears to be likely to suffer harm, may find the situation stressful and upsetting.

We will support such staff by providing an opportunity to talk through their anxieties with the DSL, Deputy DSLs, HR Manager and/or their immediate line manager, and to seek further support as appropriate.

4.4 Roles and Responsibilities

The Governing Body of Wiltshire College recognises that under section 175 (section 157 for the Independent sector) of the Education Act 2002, and section 26(1) of the Counter-Terrorism and Security Act 2015 it has a statutory duty to make arrangements to ensure all its functions are discharged with regard to safeguarding and promoting the welfare of young people

- Refer a child if there are concerns about possible abuse, via the relevant referral process and acting as a focal point for staff to discuss concerns. Referrals should be made in writing, following a telephone call.
- Keep written, chronological records of concerns about a child even if there is no need to make an immediate referral.
- Ensure that all such records are kept confidentially and securely, separate from student records, until the young person's 25th birthday, and are copied on to their next education provider.

- identify students who they consider may be in danger of becoming radicalised or engaging in extremist behaviour
- seek assistance from the DSL when appropriate as stated in the Safeguarding Policy

- access first aid/medical resources when required
- promote the student's well-being via Key Messages and Student Life Enrichment.
- recognise students experiencing distress and to act to support
- challenge behaviour where it isn't appropriate eg bullying, peer on peer abuse (sexual harassment, abusive relationships) substance misuse and to use the Student Services & Tutorial Managers and relevant College policy to address such instances.

Duty of Care

Staff are accountable for the way in which they exercise authority, manage risk, use resources, and actively protect children and young people from discrimination and avoidable harm

Staff should develop respectful, caring and professional relationships between themselves and young people. Staff behaviour should demonstrate integrity, maturity and good judgement. eg management of risk in external visits/residential visits.

4.4.6 Students aged 14-16 on school roll

- Where young people are on the roll of another education establishment there should be protocols in place between the DSL or Deputy, via the School Links Co-ordinator and the designated teachers at these establishments for communication regarding unexplained absence or other concerns.
- There will also be liaison with the parent/carer and the schools.
- The School Links Co-ordinator will identify individual young people of statutory school age who are attending college to ensure appropriate curriculum and safeguarding in College.
- The School Links Co-ordinator must be informed when a safeguarding issue concerns a pre-16 student. Either the DSL, Deputy or the School Links Co-ordinator will contact the relevant member of staff at school without delay.

4.4.7. Role of Wiltshire Safeguarding Children Board (WSCB)

Wiltshire Council, Wiltshire Police and NHS Wiltshire Clinical Commissioning Group have been successful in securing funding from DfE to develop a new partnership arrangement to safeguard children in the county. Working Together to Safeguard Children in 2018 has prompted this move away from the current system of LSCBs. Wiltshire's successful bid focussed on a wider approach to child protection that will build on a local determination to 'Think Family' to tackle emerging threats including County Lines and developing a model that has people at the heart of its service.
<http://www.wiltshirescb.org.uk/>

4.5 Students who may pose a risk

Where a student's history indicates that they pose a risk to other students/staff, a risk assessment must be undertaken by appropriate professionals. This will establish whether College is an appropriate environment for that person, and if so, what arrangements can be put in place to support that person to ensure the safety of others and their own safety. This is usually undertaken

at a Safeguarding Board Panel meeting.

4.6 Staff Training

All staff will receive induction Training and yearly safeguarding training to familiarise themselves with safeguarding and prevent issues and responsibilities.

Key messages for staff are:

- Child abuse can affect any young person, and may be carried out by anyone. It is usually carried out by someone well known to the young person
- Safeguarding is everyone's responsibility and all concerns must be reported to ensure a contextualised approach to safeguarding
- Abuse has a profound emotional and/or physical effect on the young person, the family and the wider community
- All people who work with young people need to know of their responsibilities
- Some groups of young people seem to have an increased risk of abuse, for example, Looked after Children, Care Leavers children with disabilities or children living in stressful, violent or chaotic situation
- The risk of radicalisation and extremism (local context) that may affect young people and escalate into violence or terrorism
- The importance of British Values as a basis for community values
- Risks of both criminal and sexual child exploitation and how to recognise and report it.
- Understanding the concept of a missing child and possible safeguarding issues and the need for prompt reporting of lack of attendance

- Consideration to contextualise Safeguarding will also be given to:
 - The prevalence of abuse
 - Signs which may indicate abuse
 - Up to date legislation and guidance
 - The roles of individual agencies, and the importance of working together
 - Prevailing Local and National issues impacting on Children and Adults at risk

4.7 Procedures:

The Safeguarding Policy is supported by the following procedures:

- Prevent Procedure and Channel Referral process
- Bullying Reporting Procedure

4.8 Wiltshire SCB Case Resolution Protocol

Where a dispute emerges concerning the action taken by fellow agencies with responsibilities for specific aspects of safeguarding, Wiltshire College will engage with the procedure set out in WSCB "Case Resolution Protocol"

4.9 Whistle-blowing

We recognise that young people cannot be expected to raise concerns in an environment where staff fail to do so.

All staff and students should be aware of their duty to raise concerns, where they exist, about the management of child protection and the protection of adults at risk, which may include the attitude or actions of colleagues, and are encouraged to do so.

4.10 Physical Intervention

We understand that physical intervention may be required where a student, staff member or visitor may be at risk but understand that physical intervention of a nature which causes injury or distress may be considered under child/adult at risk protection or disciplinary procedures.

4.11 Bullying

Wiltshire College procedure on bullying is set out in a separate document and acknowledges that to allow or condone bullying may lead to consideration under safeguarding/child protection procedures. This includes cyber, racist, homophobic and gender-related bullying.

4.12 Racist Incidents

The College takes allegations of racism seriously and acknowledges that repeated racist incidents or a single serious incident may lead to consideration under safeguarding/child protection procedures.

4.13 Prevention

We recognise that the College plays a significant part in the prevention of harm to our students by providing students with good lines of communication with trusted adults, supportive friends and an ethos of protection.

The College community will therefore work together to create a safe and respectful culture:

- Work to establish and maintain an ethos where children, young people and adults at risk, feel secure and are encouraged to talk and are always listened to.
- Ensure that all children, young people and adults at risk in the College know who they can approach if they are worried or in difficulty.
- Include across the curriculum, enrichment opportunities which equip young people with the skills they need to stay safe from harm and to know to whom they should turn for help.

4.14 Health & Safety

Our Health & Safety policy, set out in a separate document, reflects the consideration we give to the safety and security of our students both within the College environment, and when away from the College when undertaking College placements and educational visits.

Staff may be made aware that a child or adult at risk may have been abused through an incident being relayed to them by a student or by another person, or from their own observations.

All complaints, allegations or suspicions of abuse shall be taken seriously. However, staff should not investigate suspected incidents since this may contaminate evidence in a future investigation by the Police or Social services. The Police or Social services who are specially trained in this area take responsibility for investigations.

Where safeguarding concerns have an impact on the student being able to commence or complete a programme of study a Safeguarding Panel meeting will be convened. The Health & Safety team will, in conjunction with the Safeguarding team (Safeguarding Board members) review the issues and produce a safeguarding risk assessment if the student is to commence or continue with their study.

4.15 Counsellors' discretion

The Counsellors of the student counselling service have a duty of confidentiality to students/clients of the counselling service (*British Association for Counselling and Psychotherapy, Ethical Framework 2002 pp 3-7*).

Therefore, where the first person to become aware of a case of physical, sexual, emotional abuse or neglect is a Counsellor within the student counselling service, the Counsellor will exercise his or her professional judgement and discuss the situation with the DSL after initial discussions with the student.

In all cases the Counsellor will discuss both the disclosure of abuse and the decision to report with their counselling supervisor.
