

# ONLINE SAFETY

Protect yourself, in person  
and online.

Staying safe online is challenging  
but we are here to help.

## Advice to protect yourself online

- Think before you post
- Don't share personal details
- Watch out for phishing and scams
- Think about who you're talking to
- Keep your device secure
- Never give out your password
- Don't accept friend requests from strangers
- Be wary of unsolicited messages or emails
- Avoiding clicking on suspicious links
- Do not meet anyone who you have only made friends with online
- Not everything online is reliable.
- Do not share personal information
- Respect others and be kind
